**Here's how to  
make your mask:**

Stick the masks to  
cardboard, colour in  
your mask. Ask an adult  
to help carefully cut  
out the mask, round  
the dotted lines  
for eye holes, and  
small holes at  
the sides. Thread  
through elastic  
and tie at the  
sides to make  
the band to fit  
round your head.
